Council Of Higher Secondary Education, Odisha

Stream-Science

GOVT.Girls High School, Tihidi

July 2017-May 2018 [Marks-74.3%]

Board Of Secondary Education, Odisha

PROJECTS

Programming Contest Info:

Developed a dynamic website showcasing programming contest events, their timings, and direct links for more information. Leveraged an API to fetch real-time data and populate the site. Emphasized functionality over design to prioritize user experience. Implemented robust features to provide comprehensive details and easy navigation for users interested in participating in programming contests. Demonstrated proficiency in API integration, data handling, and front-end development.

LANGUAGES

English, Hindi, Odia
